## LESLIE'S TO HAVE HAWAII NUMBER

Hawaii is in way of receiving a lot of good publicity from a number of "write-ups" about to be made for a number of influential publications. According to H. P. Wood of the Promotion Committee, Leslie's Weekly has advised the committee that it is making its plans for a winter resort number, and wants to give Hawaii a conspicuous place in this issue. Accordingly, photographs and data of a character asked for is being prepared. Mr. Wood is also calling attention to the fact that Hawaii is coming to be more and more a summer resort.

Another little feature which Secretary Wood has brought about is having Hawaii included in a list of resort places published regularly in Cook & Son's Travelers' Gazette, giving rate of fare from New York. "It isn't a very big thing," said Mr. Wood this morning, "but it is one of the many little things that help to keep Hawaii before the traveling public, and which are worth attending to."

The editor of the Dallas (Texas) News has written the committee for a few photographs which will serve to illustrate a civic improvement campaign which the paper has inaugurated. The paper is trying to spur up the pride of the Dallas citizens by showing them the things that other places do better than they. Incidentally, Hawaii will get a little advertising in Texas that will cost no more than a few photographs.

O Touriste, a Portuguese periodical published in Lisbon, asks the Promotion committee for photographs to illustrate an article on Hawaii soon to appear. The request will be complied with.

## BONDS TUMBLE WITH STOCKS

The local stock market is practically featureless today. Prices still have a tendency downward, about the same as prevailed most of last week.

Oahu was the most active stock on the list this morning, but only about 100 shares of this changed hands in some seven different blocks. The price opened at 28 1/2, and dropped to 28.50. At close bids had dropped to 28.25 while askers wanted 28.50.

Twenty shares of Ewa sold for 32.50, a decline of fifty cents over last sale. McBryde and Oiaa are still maintaining their Saturday prices. Between boards 740 shares of McBryde sold for 8.50, while Oiaa sold very lightly on the exchange at 7.13 1/2.

Local securities seem to have begun to share the general depression. Oiaa 6s, which only a few weeks ago were selling in quantity at 99 and 99.25, sold on the curb at 96.50. O. R. & L. 5s, which have been selling above 104, today sold on the board at 103.

Twenty-five shares of Kekaha stock sold on the street at 275. The last previous sale was at 300.

## SKIN A MASS OF FIRE.

Horrible torture—pain unendurable—days when the whole body seems to be burning up—long nights of sleepless agony—Then—

Instant relief—The skin cooled and refreshed—all burning and itching gone!

Thousands testify to this—thousands who suffered from Eczema, Psoriasis and other skin troubles, until they heard of that simple cooling wash of Wintergreen, Thymol and other ingredients known as D. D. D. Prescription.

J. Samuel Lewis, writes:—"I used three bottles of D. D. D. Prescription, and now my skin, once a mass of fire and irritation, is as smooth and soft as a child's."

Of all remedies for the skin that we know we can especially recommend the D. D. D. Prescription for Eczema. Just a mild, soothing wash—but it cleanser and cools the skin as nothing else can. And it takes away the itch instantly!

We would like to tell you more about D. D. D. Prescription if you will call. Benson, Smith & Co.

## HAWAII BUILDING FOR 1915 FAIR

President Moore, of the Panama-Pacific Exposition, to be held in San Francisco in 1915, has written Governor Frear asking him to see that an architect is appointed as soon as possible to represent Hawaii in the big show's arrangement. The letter states that a general scheme of the arrangement of the buildings has been perfected, and that, inasmuch as it will be imperative that all of the structures on the grounds conform to this it is desirable that Hawaii's architect familiarize himself as soon as possible with these plans.

Governor Frear has passed the letter along to the Hawaii Commissioners, and has advised President Moore that Hawaii is in the unfortunate position of not knowing what kind of a building she can expect, inasmuch as no appropriations have been made, and none can be made until the Legislature convenes.

In past expositions the Federal government has provided the buildings for the territories, and Hawaii has thus been provided for. It is thought that Congress during its present session will make similar provision for the San Francisco fair.
